About Us

Established in 1991, PWMG is dedicated to presenting high quality products to industry while providing reliability and service. Our mission is to supply the technological advances that enable the manufacturing process to work faster, with higher precision, than past practices while utilizing agile methods that recognize global economics and ecological considerations.

Services and Capabilities

- American Modular Tooling: A comprehensive, modular fixturing system for almost all types of work holding.
- CMM Styli & Accessories: High quality CMM styli and accessories for all major probing systems, standard configurations, or custom builds to your specifications.
- Measurement & Standards: World standard artifacts and measuring instruments, step gages, sphere plates, ball bars, optical standards, gage bars, gage blocks and more.
